KC101 Connecticut | 1300 AM RADIO WAVZ "remembers"

February 1, 1988

To: Mr. Bill Burrows
709 Division Street
Gloucester City, NJ 08030-2337

From: Win Suitor
Assistant Chief Engineer

Re: Reception report.

Thank you for the reception report that you sent to WAVZ.

We have verified your description of the program material.

WAVZ is a 1000 Watt, nondirectional during the day, but is directional at night. We are protecting WFBR in Baltimore, WOOD in Grand Rapids, Michigan and CBAF in New Brunswick, Canada.

Our transmitter is a Marris MW1 and the standby is an Old Harris Vanguard.

Once more, thank you for the long distance report.

Very truly yours,

Win Suitor
